The Small Print

About the products: Your free products will be unboxed and will have a GIFT sticker attached (as they're not for resale). All products are subject to availability.

About the tokens: The tokens look like a stamp, with a number in a circle printed on. You can find the tokens on the retail box at the top on the inner flap, on the product itself or on an accompanying leaflet. Tokens are on full size products only; trial sizes and samples are not included. Salon treatment tokens don't qualify. *Remember - you need to attach 12 tokens, no more, no less!*
